

Welcome Home

Reach has a new program with a goal of building community supports and lasting relationships for those we serve once transitioned into permanent housing. To hopefully lead to a reduction in return to homelessness.

How do we do this?

By connecting with individuals where they are, through friendly visits, phone calls, connection to community activities, and empowering towards independence.

If you would be interested in learning more please contact Jenn at 301-733-2371 x106 or jenn@reachofwc.org for more information.
